“The Price of Greatness is Responsibility”
~ Winston Churchill ~

Perhaps if there were one little nugget of advice I could give to young people today it would be this… Take personal responsibility for your life. Obviously growing up there is a learning curve – but I would keep hammering in that idea any way, shape, or form I could. In this country, with the liberties and freedoms we have, there is ample opportunity to be accountable. Whether you are dealt a royal flush in life or a pair of two’s, you have to get to work…because ultimately it’s up to you to get to where you want to go. There are those who squander opportunity and responsibility and there are those who make responsibility their juice, taking things head-on with no whining or excuses. I’ll bet on the latter any day of the week. Surely there are times you’re going to step up to bat and strike out…but if you keep at it, you’re going to eventually start hitting home runs…and home runs build tremendous character, especially when you worked hard for them.

At The Center, we deal with a lot of young people battling addiction and substance abuse…coming from all walks of life. Some are from very affluent families, some are from very loving families, some have no family at all…think of that…no mother or father…and I say in this business it doesn’t matter. What matters is you – Are you going to take personal responsibility for your life? When you “get” that, when you get that it is up to you, God, and no one else, you begin to be accountable. You build accountability one day at a time…and days become weeks, and weeks become months, and months become years. At the Thursday Night Alumni Meeting there are those who came through our program with five years, ten years, fifteen years of sobriety. These are men who started with one day…just like you. But I guarantee the common thread is they realized it was up to them to change and no one else.

It is disheartening that our country is so divided these days. I watch the news and it seems like everyone is blaming everyone else for their problems. As a nation, we have some real problems and they are not easily solvable. Our young people are bombarded with news of scandal, outright fraud and all sorts of irresponsible behavior by adults. This of course has always happened throughout history but seems to be at a fever pitch today with social media and instant news. So, my humble advice to the younger generation is to embrace the challenge…take pride in accountability. Take pride in it! Do what needs to be done when it ought to be done and don’t leave things up to someone else. Take personal responsibility for your life and take personal responsibility for this tremendous and awesome country that we live in.

A Walk in Autumn Glory ~ Saturday, Oct. 21 at 9 a.m.
This labyrinth walk will focus on the startling paradox of autumn. On one hand there is the profound and vibrant beauty of the changing color of the leaves… and on the other hand those same leaves will quickly turn brown and fall off the tree. Come walk the labyrinth on the edge of our Center’s forest as we find Autumn’s metaphors speaking to our life’s journey.

JOYFUL PATH

Using the Bible and other wisdom stories, A Joyful Path helps children learn how to follow the path of Jesus in today’s complex world.

WHAT IS NEW FOR THIS YEAR:

♦ Christian values such as kindness, compassion, forgiveness, generosity, justice etc. will be taught and practiced.
♦ Service projects will be an important part of this curriculum.
♦ This program will be taught by Winnie Brock, Heather Slack and Bill Hopkins who are working closely with Chris Hopkins.

Leave a lasting legacy…. Include The Center in your estate plan.
Did you know it costs nearly $5,000 a day to fund The Center? While we strive to maintain our buildings and grounds to make it look like we might not need money, in reality we do depend on charitable contributions to continue our operations. As always, we also depend on a lot of love and elbow grease to keep things running smoothly.

Today, your charitable giving to The Center is an outstanding way to give voice to your values and priorities in our community. It is also vital to the continued operation of the programs that we all know and love—about one-quarter of our operating budget is financed through charitable contributions.

In the future, by including The Center in your estate plan right now, you can help ensure our operations for years or even generations to come. Recent legacy gifts have made possible repairs and capital improvements that would have been very difficult in their absence. If you have any questions about leaving The Center a gift from your estate, please contact Executive Director Dave Sanders.

FARM & NATURE DISCOVERY SCHOOL

Farm and Nature Discovery School is off to a great start this year with so many wonderful experiences already. On September 9 we had a very successful open house and barn dance. It was a great way for our families to meet teachers and enjoy so many activities at the farm, including dancing, marshmallow roasting and hayrack rides.

We welcome new teachers Mrs. JoAnn, Mrs. Mary, and Miss Sabrina. We also welcome new aid Mrs. Alisha. We are thrilled to have them all. We began our year with hayrack rides and exploring the farm on foot. The children also took time to introduce themselves and get to know one another. At the end of the month, they came to school on picture day in their best clothes and looked absolutely adorable.

During the month of October, we will examine the different trees we have on the farm and the children will be collecting, sorting and classifying leaves. There are so many Illinois standards that are covered with this very important lesson. We are also going to be examining pumpkins and their life cycle, cutting them open and roasting some seeds. This is a very fun experience for the students. They will get on a hayrack again to go to the pumpkin field and pick their own pumpkins to take home. At the end of the month, we will have our Harvest party. This is always a day where the students wear their Halloween costumes to school and we trick or treat across the street at the offices and then have our own parties. How fun! If you want to join, there are just a few spots still available in our three-year-old program, kindergarten and first grade. Please call Kristin at 708-361-8933 for a tour and information.

Please come out to the farm Saturday, Oct. 7 at 9 a.m., to help cheer on our school kids in the Farm and Nature FUN RUN!! All funds collected directly benefit the Farm and Nature School!! Hope to see you there!

SAGE’s conception was way back in 2011…A program unit at The Center that would grow food in an ethically responsible and sustainable way. We needed funding and knowledge and support and slowly but surely we got it. Here we are, nearly six years later, and I have exciting news! Our SAGE program has had a large enough harvest that we would like to start offering it to our community. This year alone, we processed 11 hogs, 1 steer, 50 meat chickens and 30 turkeys! And all of our animals were raised out of doors, in a lush pasture, and ate the green grasses that grow from our fields or a non-GMO, Illinois grown and milled grain. They were loved on by campers, diligently cared for by our farmers, and respectfully brought to our table and hopefully now, yours as well.

SAGE isn’t just providing food. Rather we are growing and raising the highest quality of food that you can find. We are raising heritage breeds, feeding top quality forage and grains, following organic principles, using USDA certified processing facilities and consequently, producing meat products with taste, texture and quality that is hard to find.

We want our product to be served on your kitchen table. Our meat is something that you can feel good about feeding your family. You can confidently say you know where your food came from. You know the farmer that raised it. You know it was respected and humanly treated throughout its entire life. You know it’s free of GMOs. And I know, that you’ll think it’s the best tasting meat around!

Our freezers are full…and we need your help in emptying them. No large commitment is needed, just come by and purchase a few cuts. Try it. Taste it. Enjoy it. I’m confident that you’ll be back. Our SAGE meat is available for sale anytime the main office is open. So please, stop in, and support this program. Nourish your family. Feel good about what your serving. And experience just how amazing, healthy, local and sustainable tastes!

If you have questions about our growing methods, processing techniques, our nitrate & nitrite free curing (I challenge you to find a better bacon product anywhere!), or anything else pertaining to our SAGE program, please contact me. I am passionate about this program and am determined to prove that we should be your local source for meat.

Though stock changes regularly, at the time of writing, our freezers have the following:

<table>
<thead>
<tr>
<th>Whole &amp; Cut Up Chicken</th>
<th>Boneless Pork Chops</th>
<th>Ground Beef</th>
</tr>
</thead>
<tbody>
<tr>
<td>Whole Turkey</td>
<td>Italian Sausage</td>
<td>1/3 lb Burger Patties</td>
</tr>
<tr>
<td>Ground Turkey</td>
<td>Brats</td>
<td>New York Strip Steaks</td>
</tr>
<tr>
<td>Pork Shoulder Roasts</td>
<td>Cheddar Brats</td>
<td>Filets</td>
</tr>
<tr>
<td>Pork Loin Roasts</td>
<td>Bacon</td>
<td>Cheddar Brats</td>
</tr>
<tr>
<td>Bone-in Pork Chops</td>
<td>Ham Steaks</td>
<td>Short Ribs</td>
</tr>
</tbody>
</table>

Something on this list must be a staple in your kitchen, right? If so, give SAGE a try. Allow us the opportunity to enter your kitchen. I feel confident that you won’t be disappointed!

Much love and appreciation, today and always,
