Dear Farm Camp Families,

Thank you for registering for our twelve night Farm Camp. We are looking forward to sharing an exciting experience with you this summer!

This online packet is to serve as your Pre-Camp Planning and Informational Guide. The following pages will explain camp drop off and pick up, how to communicate with your camper while they are away at camp, what's appropriate (and not) to bring to camp as well as information about our health care policies, a Health History form, and parental release. Please print out this entire document and keep as a reference guide.

The balance of your camp fee, if you still have one, is due no later than **June 1<sup>st</sup>**. June 1<sup>st</sup> is also the deadline for submitting your health history and parental release forms. Please understand that once camp is in session, our staff needs to be focusing on our current campers rather than processing late paperwork, so please be respectful of the June 1<sup>st</sup> deadline.

Each Farm Camp session begins at approximately 5:00 p.m. on Sunday evening, the first night of camp. You are invited to the Bartlett pavilion, where campers will meet their counselors to begin their camp experience. Families should plan to depart by 5:30 P.M. and not arrive before 4:45 P.M. The upper parking lot at the lodge will be very chaotic at this time. That said, if you wish to unload in the upper lot, please do so, and then move your car to the lower lot as you go through the check in process.

Campers are expected to stay at camp during the entire camp period for which they register. Campers should not plan to leave for baseball games, family picnics, etc. We feel that each camper's total participation is important to the success of camp. We encourage families to write/email often to their children at camp as there is no phone available to campers. If camper-family communication becomes necessary, arrangements should be made via the camp director.

On the last Friday evening of camp, campers' families are invited to an end of session rodeo the farm, from 5:00 P.M. to 6:00 P.M. Camp will officially end with the goodbyes and luggage pick-up after the rodeo.

I hope you enjoy preparing for camp.  
Thank you and see you at Farm Camp!

Camp Director

A special letter to campers and their parents at The Center, regarding...

## A Commitment to Live Cooperatively...

The Summer Camp programs at The Center are an opportunity to live, learn, work, play, and grow in a special environment where everyone and everything is cared for and respected. This is something our camping program takes great pride in and have embraced for over 80 years.

Modern American culture is challenging. We are surrounded by images of life in the fast lane. TV programs, movies, news, and modern music often promote an irreverent disrespectful, sometimes violent, view of people and traditional values and ideals. Our society invites us to live a high and fast lifestyle which can jeopardize the foundations on which compassionate and cooperative character is built.

The Center is quite a contrast to that high and fast culture. Our programs promote a high respect and concern for all people and all of nature. We are asking you to discuss this code of conduct as a family and to make a commitment to uphold these values, behaviors and policies which are expected of young people at The Center.

*At The Center we want every camper to have the best camp session possible; full of fun, learning and growth. To ensure that we maintain a relationally safe environment and each camper is free to experience camp life to its fullest, we cannot tolerate any behavior that takes that opportunity away from other campers. We will be addressing all incidents such as bullying and irresponsible behavior seriously, and will train the staff to recognize and deal effectively with such behavior. Understanding that camp is for ALL campers, any behavior deemed by the camp to be outside of the camper code of conduct and/or unmanageable may result in any or all of the following: 1. Meeting with the cabin counselor, program director, or camp director to discuss the behavior. 2. A telephone call home to the parent/guardian to discuss the behavior. 3. Being dismissed from the camp program.*

Summer Campers Agree to:

- Show respect to other campers, and treat them as well as I would like to be treated. I will try to be a friend to all.
- Show respect and care to all farm animals and nature.
- Have FUN, but never at the expense of others.
- Respect the rights and privacy of others and treat others with courtesy and consideration.
- Communicate in an appropriate manner, which means I must not use foul language or gestures, harsh words or tone of voice.
- Resolve all conflicts through talking and use of good communication.
- Conduct myself responsibly. I understand that unwelcome teasing or other unkind behaviors are not allowed.
- Refrain from deliberately causing bodily harm to other campers or staff. I understand that pushing, kicking, hitting or fighting are not acceptable and will not be tolerated.
- Respect the property of others and camp, which includes no stealing, property damage, graffiti, or vandalism.
- Refrain from all physical displays of affection and understand that gestures of a romantic nature are not allowed under any circumstance.

- Be fully responsible for my actions and understand that irresponsible behavior will result in disciplinary action or dismissal from camp.
- Dress appropriately – no clothing with alcohol or drug related slogans or vulgarity and make sure all parts that should be covered, are covered.
- Uphold the technology free camp environment which includes no cell phones.
- Know and follow the rules of camp.
- Have lots of FUN, learn, grow, and have a GREAT time!

## Camp Health Policies at The Center

Dear Parents,

If your child needs medical treatment outside the realm of our in camp treatment options, we will contact you. If you are unreachable, we will seek medical help as we deem necessary for your child's welfare. If we take your child to the Palos Community Hospital or Primary Care Center, they will make every effort to reach you and will treat your child without your consent only if life or limb are threatened according to the decision of the attending physician.

If life or limb are not threatened, your child may wait for a painfully long time while the hospital tries to reach you. Therefore, it is very important to inform us of phone numbers where you can be reached while your child is at camp.

In house camp treatment and health care policies include the administration of Motrin, Tylenol, antibiotic ointment, hydrocortisone cream, oral and cream Benadryl, insect repellent containing DEET, prescription medication that is prescribed to the camper, and other over the counter medications that come with parent consent.

Parents will be notified of illness or injury to campers in the following cases: sustained or recurring temperature over 101 degrees F, injury or illness needing the care of a physician, any other unusual illness, injury, or behavior that the camp director believes the parent would want to know or for which the parent has specifically requested notification.

The enclosed forms (Health history and Parental release) are very important for us to have on file. All completed forms are due back at The Center no later than June 1<sup>st</sup>. Please be conscientious about this deadline so that we have adequate time to be well prepared and organized for your child's camp experience

Thank you.

Camp Director
